

# Can you help children in Arhi Special School in Kenya?

Mrs Girolami's sister, Michelle, has been helping these children at their school in Kenya. They have very little when compared with our children, and they are particularly in need of PE kit. It is their winter at the moment, so they need tracksuits and sweatshirts. If you are having a clear out at the end of the term, please consider bringing these items to us after the holiday, so that we can send them to these children, who desperately need them. We hope you can help.
