Dear Parents/Carers,

The DfE is now collecting nationality data about pupils in the statutory returns that schools have to send three times a year. This means that schools will now have to record nationality and country of birth on a pupil's school record. We have not been required to record this data before, so we do not have a note of it in our database.

I am therefore writing to ask you to fill in the attached form as a matter of urgency, as the statutory return has to be sent on 6 October, and we will need the time to enter all the data accurately before then.

NATIONALITY

Pupil nationality is that which is stated by the parent/guardian. Pupil nationality would be expected to appear on, or be derived from, a passport or EU identity card. For pupils with dual nationality, more than one nationality may be recorded.

COUNTRY OF BIRTH

Country of birth is the country in which the child was born as stated by the parent/guardian. The country of birth would be expected to appear on, or be derived from, the child's birth certificate or passport. If you have any queries about this, please contact me in the school office. I would appreciate your co-operation in returning the forms as soon as possible, and by 3rd October at the very latest, as there is a lot of data to enter.

Many thanks

Steve Warrell
