Sports Update from Year Six

Hockey Tournament Wednesday 4th October

This was held at Weobley High School and involved five schools from across the County.

Bryony reported that the teams played very well improving their game through better passing and team work. This paid off as they started to win some of their matches. Whilst panicking at first when they had control of the ball, the teams grew in confidence as they progressed in the games that followed.

Henry confirmed that the A Team came third overall and the B Team second. They were all very happy with their achievements.

Harvest Festival

20th October

Please come and help us celebrate our Harvest Festival on 20th October at 2pm in the Parish Church Weobley. We are now accepting donations of *in date* tins of soup, potatoes, meat, fish, vegetables, rice, fruit, puddings and long-life milk cartons as part of our Harvest Celebrations. These will be delivered to The Leominster Community Larder after our service. All members of the community are most welcome to join us.

Flu Vaccinations in School

The local NHS Healthcare Team will be offering flu vaccinations in school for all children attending our Reception Class, Years One, Two, Three and Four throughout the day on Monday 6th November. We will shortly be sending consent / opt out forms to parents of these year groups. These forms will need to be returned to school no later than Monday 30th October, irrespective of your decision. Please note the deadline is the first day of next half term.

Weobley Primary School Council

The newly elected School Council recently held a meeting and have already come up with some suggestions which will make our school even better. If any children would like to put forward their ideas, they can be posted in the big yellow box which has been placed in the library. Alternatively, ideas can be submitted via the school website, by visiting the Children's Zone and selecting the School Council page.
