5th January 2018

Dear Parents/Carers,

Thank you for all your support with the sponsored litter pick! Altogether the Eco Committee collected £136.00. This has meant that we have been able to rehome two guinea pigs and have purchased a new indoor cage for the cold weather, along with all the accessories, lots of food, hay and sawdust. We will be looking at ways to make the school more eco-friendly by recycling our food left overs to help feed the guinea pigs. Everyone will be able to meet the guinea pigs soon and we will be holding a competition to name them. We are also extremely excited to say that one of our parents, Mr Neill, has offered to make the guinea pigs a lovey new run and house for them for when the weather is a bit warmer and they can run around our outdoors area.

As a committee we are always trying to find new ways of helping the environment. One way of doing this is by recycling old batteries. At the moment Duracell are running a competition to win some great prizes for schools, from iPads to Duracell bunnies! To enter, we need to collect as many old batteries between now and April to be in with a chance of winning. We would be really grateful if you could send all your old batteries into us (and leave them in the office or with Mrs Gammond in Class Four) so we can send them off for recycling.

We will let you know how we get on and how many batteries we have collected by the end of April.

Thank you for all your help.

The Eco Committee
